**DELUXE WATERPROOF
TRACK-IT™
FINDER KEYFOB**

The **TRACK-IT** Finder key fob complies with Bluetooth enabled iOS/Android smartphone devices, and operated by downloading a free and easy-to-use App, Easykeyfind. The **TRACK-IT** communicates with your smart phone's easy and free *Easykeyfind* App to work as a key finder, anti-loss alarm, and a camera remote selfie shutter.

KEY FOB

SETTING UP THE TRACK-IT™ FOR THE FIRST TIME.

- Download and install the free app from the Apple APP Store or Google Play by searching "*Easykeyfind*"
- Press the button 3 seconds to activate **TRACK-IT** FOB. The Buzzer will beep and a blue LED indicator will flash three times.
- Open the *Easykeyfind* App.
- Tap the scan icon in the App to add a new FOB.
- Rename the FOB in the App if desired.

USING THE TRACK-IT™ APP:
First attach the **Track-It**™ to the item you want to locate.

- Key Finder/Location**
Tap the Scan icon in the app to connect with **Track-It**™; then tap the *Easykeyfind* icon to locate the FOB.
- Find a Phone or Device**
Press the button on the FOB to activate the signal on the phone or device.
- Remote Selfie Shutter Function:**
Inside the App Tap the camera icon to launch your phone's camera and press the button on the FOB to trigger the phone camera to take a selfie.

- 4. Anti-Loss Alarm**
When the FOB goes out of detection range, the App will alert you with a sound, vibration, and an LED flash. ***The alarms can be turned off/on for the phone or keychain in the settings menu.***
- 5. Lost Location History**
When the bluetooth connection is broken, the app will add a push-pin on the map with the date and time.

Safety Instructions:

- The **TRACK-IT** can not be used without installing and running the *Easykeyfinder* App on your phone.
- Keep the FOB away from moisture and corrosive materials.
- Do not attempt to repair or modify it in any way.
- Ages 12+
- Waterproof Level: IPX7

Working Time:	(The continual beep of the alarm may shorten working time) If connected to phone can be found up to 5 months

FCC ID 2ALTU-R643
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.
