LED Color:  
Red

Ball Color:

Imprint Color:

- all type should be outlined or converted to curves -
- regular type smaller than 5 points or reversed, serif, and italic types smaller than 7 points may fill in -
- all lines must be thicker than 0.5 points to print, and all gaps must be wider than 0.75 points or they may fill in -
- registered/trade marks may fill in unless they are enlarged to print clearly -
- this proof shows approximate product/imprint color appearance only due to variance in computer monitors and printing materials -
- dashed cyan line shows imprint area only and will not print -
